

Dear Parishioner of St Helen's Catholic Church,

As Chair of the Parish Finance Committee I writing to make this appeal to you.

Firstly thank you to all those who have been continuing to make your weekly offering to the Parish in these difficult times. We are all aware that there are many people in our families, our parish, and our country and throughout the world affected by the Covid 19 Pandemic, now in its third month.

In common with businesses, families and individuals St Helen's parish has been financially affected.

Without the regular Sunday Masses the parish income has been considerably reduced.

Throughout this lockdown it is still necessary to see to the regular maintenance of the church premises and to pay the bills as they arrive. Some of these are on Standing Orders such as the monthly contribution to the Diocese and the general Utilities Providers.

Without the usual weekly collections the parish is unable to meet all its financial obligations. While some people may themselves be financially insecure and at this time not able to contribute, as a parish community, it is our responsibility to maintain our parish in all its needs.

If you are able to make your usual weekly contribution to the parish this would greatly help.
